

WHAT IS SCRIP?

SCRIP IS FUNDRAISING WHILE YOU SHOP!

Saint Raphael families and friends can purchase gift cards for America's most popular retailers through Great Lakes Scrip Center (GLSC) and use them for every day purchases. Saint Raphael School earns money with each gift card purchase.

Scrip gift cards are the same gift cards you can purchase from the retailer. With over 300 of the country's biggest brands, including grocery and department stores, gas stations, restaurants, hotels and home improvement, GLSC has something to appeal to every family.

HOW DOES IT WORK?

When you purchase gift cards through the SCRIP program, Saint Raphael School receives a percentage back from the full value of the gift card. For example, Shoprite offers a 4% return on gift cards purchased through the SCRIP program. If you purchase a \$100 Shoprite gift card, the school earns a \$4 rebate. You get the full value of the card, \$100, and Saint Raphael School receives the \$4 rebate.

The full value of each card you purchase as well as the rebate generated from the card is recorded in a personal SCRIP account for your family. Families are required to purchase either \$4500 in SCRIP cards or generate \$225 in rebates from card purchases. Any rebates earned are deducted from the \$225 buyout fee. For example if you purchase a \$100 Shoprite card, the \$100 is deducted from the \$4500 purchase requirement and the \$4 rebate is deducted from the \$225 buyout fee.

Tuition reimbursement is available if you generate \$250 or more in rebates in \$25 increments. For example, if you earned \$355 in rebates, \$225 is deducted from the \$355 which leaves a remaining balance of \$130. The \$130 is rounded down to the nearest \$25 increment making it \$125. That \$125 will be deducted from your total tuition payment for the following school year.

If you purchase \$4500 or more in SCRIP cards, but do not generate \$225 in rebates, the buyout fee will be waived. However, if the \$4500 purchase requirement is not met and you have not met the \$225 buyout fee, you will be required to pay the remaining balance of the buyout fee. For example, if you purchase \$400 worth of Shoprite cards you will have generated \$16 in rebates. That \$16 is deducted from the \$225 buyout fee leaving a balance of \$209. Balances are due by June 1, 2018. Rebates earned during the 2017-2018 school year will be applied to the 2018-2019 school year.
