

If a **non-virtual student** needs to stay home from school **due to illness**, a parent/guardian must notify the school nurse by **7:45 am**. If the student is sick, he/she is to take the time to rest and recover.

Virtual school is intended for students whose parents **actively chose** At Home/Remote Distance Learning for this school year and have signed the Virtual Agreement. Exceptions to this policy will be decided **in advance** by Mrs. Cwirko as stated in previous communications to parents.

Beginning tomorrow, **Tuesday, September 29, 2020**, students who are absent from school due to illness and attempt to join the Virtual meeting will **NOT** be admitted into the meeting without advanced notification and expressed permission from Mrs Cwirko.

Thank you for your cooperation!
